July 2009

Dear Friends,

It was a privilege to watch the DVD that Ian Hutchings sent showing the baptism of five new believers into the membership of Hope Baptist Church. The Molineux family came to know Christ after the teens went to camp last summer. Since then dad, mom, and the two teen boy and younger brother were all baptized at the same time. That makes ten baptisms in the past year for Ian. We rejoice that the Lord gave us the opportunity to help Ian and Marie start this work in Cannock. They are asking that we return quickly to help in the work and we desire to start another work as well.

At this time we continue to see the Satanic assault upon the freedoms we have come to expect in Great Britain. An article written in the Daily News Record by Melanie Phillips, author of Londonistan, exposes the erosion of our freedom of speech, especially in respect to false religions. This has taken place because of intimidation in the House of Lords and resulted in a Dutch politician being deported from Britain. The following website contains the article with its eye-opening revelation. (http://www.dnronline.com/news_details.php?AID=35549&CHID=36)

The need in Great Britain for Bible believing churches that teach the truth of God's Word is greater than ever before. The darkness and blindness which is strengthening its grip upon the people can never give hope or purpose to their lives, let alone give them salvation. In these uncertain times it is necessary for our faith as believers to shine as never before. Prayer is a vital element for us in the exercise of faith.

As you approach the throne of grace daily we ask that you would regularly pray for our ministry needs. In these last days there is a need to have more accounts of families being saved and baptized because churches are being planted and the Gospel is being preached. Thank the Lord with us for His plan and provision as we labor for Him. God bless you!

In Christ,
Barry & Pat
The Dunmires
