

Starting a
NEW church
 amongst Hispanics in Lorain.

The Team We prayed for one team member, God gave us five!

For three years, David and Melissa Whitcher have been planning and asking God for the opportunity to plant a Spanish church in Lorain, OH. Lorain has a population of 70,000 people of which 21% are Hispanic. Wise council has told us to wait until most of our support is raised and until God gave co-workers to help in the effort. We praise the Lord for bringing Kellyann Mascarenas (tentmaker), Ralph and Rita Palmer (Apollos), and Herb and Wanda Taylor (Associate Church Planter) to join us in this effort.

The Plan Bible studies begin in January.

We are asking God for a strong core of three families before we begin meeting on Sundays. Thus, we will begin with Bible studies and trust God to let us know when to start public services.

Bible Studies = Salvations = Public Meetings = Multiplication.

Potential Property Expect great things from God.

Our vision is to plant a church and start a Bible institute that will be a training center to send out several church planters. This property is a large 3 story building in the center of the Hispanic community in South Lorain. The asking price is \$190,000.

**Mother church is
 First Baptist
 Church of Elyria.**
