

The Whitcher Family

Helps & Hispanic Ministries

Dear Prayer Partners,

July 8, 2008

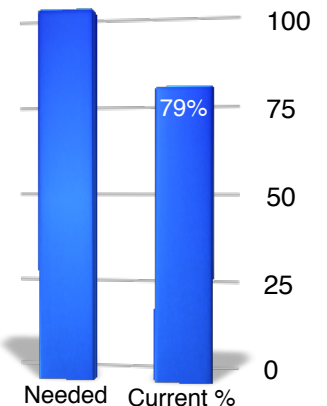

Jocelyn's Growth - Jocelyn is a lady that got saved at our outreach in Lorain last month. She has been going to church with us ever since Jocelyn recently went forward in church to make the decision to be baptized! *Please pray for her as she continues to grow in the Lord and for us as we have opportunities to disciple her.*

A Growing Network - If you have followed our ministry you know that our desire is to see God begin a movement of reaching Hispanics in the U.S. God has been doing just that. Last month David made contact with a potential Spanish church planter during a field representative trip to the west coast. Our whole family was able to attend the GARBC National Conference where we were able to line up several meetings. Furthermore, speaking at a Family Camp in New York last week provided several new partners for our prayer team. *Please pray for resulting new Spanish ministries and churches.*

Class 4 of 10 - Next month, Lord willing, we will be filming the 4th class of the El Ministerio Bible Institute. The course will be on the doctrine of the Holy Spirit and the charismatic movement. We are excited about this one as it will meet a great need in Hispanic churches where there is much confusion on the subject. *Pray for great growth in leaders who take the class live there in CA and via video throughout the world.* By the way, a gift of \$2,500 came in for the institute! This pays for half of the next class (number 5).

An Unexpected Blessing - While speaking at our sending church in Iowa last fall, we asked for prayer that God would help David with doing the needed project of finishing the basement of our little house. Pastor Hart shocked us after the service when he said that they would like to send a team of builders to help. About fifteen people from Maranatha Baptist are coming at the end of this month to do the project for us. Melissa is thrilled because she will now have a school room for the kids, a living room, and a guest bedroom. *Please continue to pray with us for full support and a co-worker so that we can begin a church plant amongst our neighbors here in Lorain, OH.*

Needed to reach 100%
\$979 a month
